# Online Education Tools

**My ALS Decision Tool™** can help you choose ALS care that's in line with your needs and values. This interactive tool explains ALS treatment options and includes reflection questions to help you decide what's right for you.

**Looking for in-depth information about ALS symptoms and care options?** Les Turner ALS Foundation has you covered. We've created guides about key topics like nutrition, communication, mobility, and more.

# ALS LEARNING SERIES

**Our online ALS Learning Series** aims to empower the ALS community through the latest information and insights. Educational webinars and interactive Q&A's covering a diverse array of topics, from nutrition to respiratory care, are offered monthly.

“ We want to do whatever we can to facilitate the research and help find a cure for this disease so that others may live. ”

*- Perry, a person with ALS, and his family*

# The Role of Multidisciplinary Care in ALS

# The ALS Better Care Act (H.R.5663/S.3258)

LES  
TURNER  
ALS  
FOUNDATION

ALS multidisciplinary clinics do not receive adequate Medicare reimbursement for the multifaceted care they provide and often rely on charity to make up the difference.

By better reimbursing multidisciplinary care, there will be several benefits to those living with ALS:

- Reducing the financial and travel burdens of obtaining care for those with ALS.
- Frees up resources for clinics, allowing them to focus on delivering more and higher-quality care.
- Better funding allows better access to ALS clinical trials, providing more opportunities to participate in research.

We encourage you to [raise your voice in support of the ALS Better Care Act through MDA's Action Center.](#)
